

The LINYU Collection

2024

Linyu 林蒼

Company profile

LINYU is a leading furniture manufacturer specializing in the design, production, and sale of a wide range of home furniture products, including upholstered sofas, coffee tables, dining tables and chairs, and consoles.

Our expertise lies in creating innovative and cost-effective products, utilizing high-performance materials to stay ahead of industry trends.

We primarily serve wholesalers, retailers, chain stores, and traders, with the majority of our products being exported. Our strong customer base spans 50 countries across Asia, Europe, North and South America, and Australasia, with widespread acceptance in these regions.

Experience our innovation

Sofas

Blending contemporary design and exceptional craftsmanship, this sofa seamlessly combines aesthetics and functionality, making it the focal point of any living space. With meticulous attention to detail and comfort, the high-quality materials and ergonomic design ensure an unparalleled seating experience. Its clean lines and inviting shapes strike the perfect balance between support and softness, offering ultimate comfort and joy every time you take a seat.

- Upholstery: Fabric/ PU/ Leather
Sponge: 30/40 density.
Frame: Multilayer plywood and steel frame and spring.
Sofa legs: Mild steel with black powder coated finishing base.
Can choose all steel internal frame, K/D structure.

LS-082-3
190x78x64 cm
74.8"x30.7"x25.2"

LS-082-1

■ Upholstery: Fabric
Sponge: 30/40 density.
Frame: Dried solid wood frame with multi-layer plywood and springs.
Sofa legs: Mild steel with black powder coated finishing base.
Can choose all steel internal frame, K/D structure.

This sofa draws inspiration from the concept of using a dress or jacket as padding for the seat. The fabric on the seat and backrest appears slightly wrinkled and gathered, draping over a sturdy frame to hold everything in place, much like clothes casually strewn over a bedroom chair.

LS-083-3
208x82x72 cm
81.9"x32.3"x28.3"

LS-083-L
170x82x72 cm
66.9"x32.3"x28.3"

The sofa seamlessly blends elegant, clean lines with the comfort of a thick, soft seating area, a quality also reflected in the sofa's backrest. Notably, its visible base, composed of a double leg system, showcases the structure's lightness and strength.

- Upholstery: Fabric/ PU/ Leather
- Sponge: 30/40 density.
- Frame: Multilayer plywood and steel frame and spring.
- Sofa legs: Mild steel with black powder coated finishing base.

LS-084-3

Structure: in multi-plywood with suspension provided by high-rubber-content elastic webbing.

Impress your clients and guests with our sophisticated and comfortable office lounge sofa. The timeless design and luxurious upholstery create an inviting and upscale atmosphere, while the plush cushions offer a relaxing seating experience. The durable construction and elegant details ensure a lasting impression. Elevate your office lounge with our office lounge sofa.

The Hug sofa is characterized by clean, simple lines and a distinctive armrest detail. The armrest, partially overlapping the seat cushion, creates an interlocking detail between the two elements, while the firm yet welcoming padding communicates comfort.

- Upholstery: Fabric
- Sponge: 30/40 density.

This sofa offers an intimate seating experience, enveloping you in a protective and relaxing cocoon. Its rounded, oversized shapes evoke the laid-back atmosphere of the American West Coast, from which it draws its name. The sofa's soft, couture-inspired details enhance its gentle curves, while the choice of sophisticated boucle, plush wool, or luxurious velvet upholstery provides an extraordinarily tactile experience, ensuring comfort and style.

- Upholstery: Fabric/ PU/ Leather
- Sponge: 30/40 density.
- Frame: All steel internal frame, K/D structure.
- Sofa legs: Mild steel with black powder coated finishing base.

The innovative K/D sofa has a smaller packaging volume compared to traditional sofas, making it more suitable for transportation and storage. The assembly of entire sofa can be done without tools, making it extremely convenient and fast. The steel frame is the foundation of LINYU products and is built to last a lifetime. Precision engineered from high grade galvanised steel, every frame comes with a 15-year warranty. Steel is made from iron ore, can be reused infinite times and is entirely recyclable.

LS-096-3
210x80x77 cm
82.7"x31.5"x30.3"

This sofa is an extremely elegant, versatile sofa, studied to rethink upholstered furniture design with an eye to circularity. The wood structure lifts the upholstered parts off the floor, lending the entire sofa the lightness and softness of a cloud. The fabric upholstery envelops the contours of the sofa, creating a distinctive fold that enhances the beauty of its silhouette. The backrest cushions are defined by centre stitching that lends a unique, sophisticated aesthetic signature to each module.

- Upholstery: Fabric
- Sponge: 30/40 density.

There are many different shapes of sofas and benches available, each with their own unique characteristics and benefits. A bench can be a versatile addition to any room, whether used as extra seating or as a stylish accent piece. And don't forget about ottomans, which can serve as a footrest, coffee table, or even extra seating in a pinch. With so many different shapes and styles to choose from, there's a sofa or bench out there to suit every taste and need.

A close-up, black and white photograph of a dark, perforated leather armchair. The image focuses on the texture and contours of the seat and backrest, showing deep folds and a fine grid of small holes in the material. The lighting creates strong highlights and shadows, emphasizing the three-dimensional quality of the leather.

Armchairs

■ Upholstery: Fabric/ PU/ Leather
Sponge: 30/40 density.
Frame: Multilayer plywood and steel frame and spring.
Chair legs: Mild steel with black powder coated finishing base.

My Pods

Twist it.
Forward-footed-stationary
Reverse-Wheel Landing-Motion

Movements using hidden pulley devices in relation to different locations on the same floor. Located on different floors, the product structure supports quick and repeated disassembly and installation.
Take the lead and finish repositioning in a quarter of an hour, making the laborious and time-consuming task simple and easy.

The [My island] is available in four regular sizes, S (Small) \M (Medium) \L (Large) \XL (Extra Large), with the L/XL sizes allowing the house to be divided, added or subtracted from the house's main module as required. It consists of two parts: the main structure module and the surface panel module. The exterior color is white or black, which emphasizes the natural integration with the overall interior environment.

The rigorous main module and flexible surface plate module of [My island] make the use of the room have strong ductility. The room is equipped with different furniture (facilities), which can be used as office, negotiation room, leisure room, entertainment room, mother and baby room, gym, etc. The corresponding functions of houses have different ways of use.
