THE SCULPTURAL COFFEE TABLE

The sculptural coffee tables, in which most of them have an interesting geometric form or shapely figure, is basically an accent table that looks more like art. Taking cues from modern architecture and contemporary fashion, their range never fails to inspire and delight.

It is a great way to use a smaller piece of furniture to make a self-statement, without splurging on a giant item and to add warmth and cultural ambiance to your space instantly.

It's form beyond function!

Natural stone, which has evolved for a long time in the natural environment, has a unique texture. Selected from many marbles, carefully screened out the detailed parts, and each one presented has an extraordinary texture. On the surface of high-quality stainless steel, an innovative 3D bending process is used to strengthen the sense of metal lines and demonstrate the design aesthetics full of geometric feelings. There is no gap at the edge. Keep improving the details.

SHELVING

W-series

A simple shelf is constructed with the combination of line and surface. Aluminum alloy castings are used at the joints of metal frames. Perfect details of metal, strong and durable, and not easy to be scratched. With glass and wood laminates, it gives him different functions. The size is very flexible and the modularity can be extended indefinitely. Solid wood cabinets can be selected to increase the storage space and make the atmosphere of life more casual. Pay attention to the grasp of the sense of space design and deduce the design aesthetics full of geometric feelings.

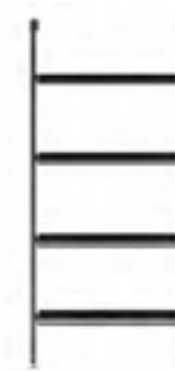

Materials:

Metal laminate or Tempered glass, cabinet.
Aluminum alloy column.

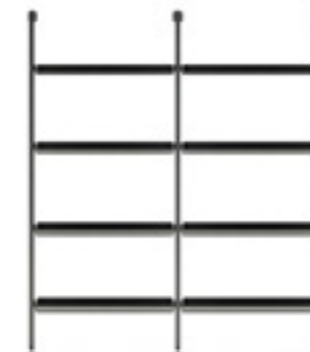

以线、面结合构造出简约的置物架。金属框架一层层的叠加，连接处采用铝合金铸件，尺寸标准，稳固性好。金属完美的细节，坚固耐用，而且不易乱花。搭配玻璃与木层板，赋予他不同的使用功能，犹如一件缩小版的现代建筑作品。尺寸非常灵活，模块化可以无限延长。可以选配实木柜子，增加了收纳空间，让生活的氛围更加休闲。用设计诠释对生活的感悟，注重空间设计感的把握，适应多种空间，演绎着充满几何感念的设计美学。
